

# Resin Services Enquiry Form

<b>PRODUCT SPECIFICATION</b>	
What is the operating voltage?	
What are the dimensions of each unit? (Please provide drawings if possible)	
Is the part thermally conductive?	
Do any components generate heat?	
Is there any thermal expansion?	
Flammability (UL94 V-0 Rated)	
Temperature rating/class	
Material properties	
Dielectric strength	
Chemical resistance	
Batch size	
<b>APPLICATION DETAILS</b>	
Type of application	
Any other relevant information	

*Essex X-Ray's specialist electro-mechanical engineers are available to support you with any resin projects you may have. Please complete the above form, providing as much information as possible and return it to [sales@essex-x-ray.com](mailto:sales@essex-x-ray.com).*
